

ORDINANCE 31

Utility Rate Adoption

This ordinance is to authorize the modification of rates and procedures for electrical, water, garbage, and sewer as collected by the Newberry Water & Light Board. The rates charged by the Village of Newberry and the Newberry Water & Light Board often reflect charges by other entities. A volatile energy market and regulatory environment have resulted in the need to adjust rates up and down on a regular basis. It is the desire of the council to allow rate adjustment in a timely fashion with^{out} the need to republish an entire ordinance section. The ordinance also provides for notice to customers of rate changes .

31:1: This ordinance amends Ordinances establishing rate adoption for Electrical, Water, Garbage and Sewer.

31:2: Adoption method: Rates changes shall be approved by a majority vote of the Council.

31:3: Publication: Rates adopted shall be published with the minutes of the meeting .

31:4: Ratification: Rates for Electrical, Water, Garbage, and Sewer are hereby ratified and readopted and a copy of the current rates for Electrical, Water and Garbage are to be attached to the minutes of this meeting and published accordingly. Rates shall be effective from the date of original adoption.

31:5: Publication and Effective Date:

The clerk shall cause a copy of this Ordinance to be published in the Newberry News within 15 days and further shall make copies of this Ordinance available for public inspection at the Village Offices located in the **NEWBERRY WATER & LIGHT BUILDING**.

This Ordinance shall be effective twenty (20) days after September 30, 1991).
